

# SK-AGR

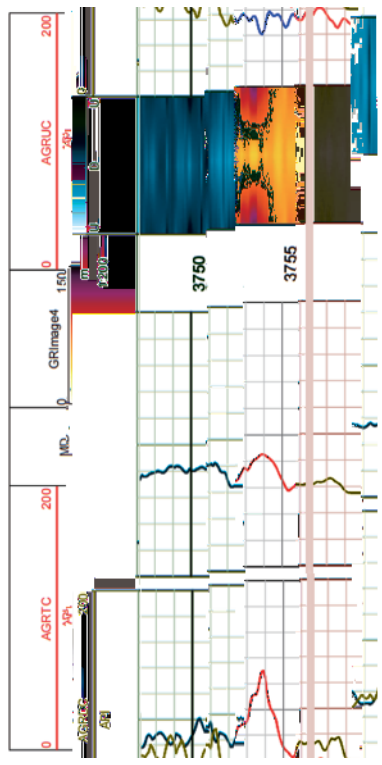

SK-AGR      Tensor      175      25000Psi

## 产品特点

- 
- 
- 
- 
- 
- Tensor      Centerfire
- MWD      LWD

240 RPM      175      25000 Psi

| 产品参数 |    |           |                       |               |         |
|------|----|-----------|-----------------------|---------------|---------|
|      |    |           | 1 CPS/API             |               |         |
|      |    |           | ± 5%@150<br>± 10%@175 |               |         |
|      |    |           | 16                    |               |         |
|      |    |           | 0 ~1000 API           |               |         |
|      |    |           | 240 RPM               |               |         |
|      |    |           | 18 ~36 V              |               |         |
|      |    |           | 25g /rms              |               |         |
|      |    |           | 1000g /0.5ms          |               |         |
|      |    |           | φ47.6mm *2050mm       |               |         |
| 温度等级 | 类型 | 循环温度 (°C) | 极限温度 (°C)             | 灵敏度 (cps/API) | 对比度     |
|      |    | 150       | 165                   | 1             | 1 : 3.5 |
|      |    | 175       | 185                   |               |         |
